

Welcome to our inaugural edition of the Lighthouse Newsletter which is put together by Edgar Cayce Australia in cooperation with the Edgar Cayce Society of New Zealand. It is intended to have it published monthly and distributed together with the Rainbow Journal, a periodical previously published by ECSNZ.

The dynamo behind Edgar Cayce Australia is Olive Bell who has been given the opportunity and responsibility of being an Australian Representative for the Work of the Christ through the Association for Research & Enlightenment. Briefly, this is how she became involved in this Work. "Thirty years ago my life was chaotic: Then I was shown, in a dream, of trying to escape a city in turmoil, and seeing, in the distance, the approach of a man. As He came nearer, I realized that this man was Jesus, dressed in modern day clothing. Shortly after this a friend gave me a book based on Edgar Cayce's Readings - "Many Mansions" by the psychologist Gina Cerminara. That night I could not put the book down - I read well into the wee hours of the morning; *everything changed for me! I experienced an awakening to who I really am, and what this life is all about!*

From this moment on, I realized that many changes to my attitudes and responses to events in my life had to take place. *I knew I had finally found the path to the way HOME.* Throughout these thirty years I have experienced upliftment, enlightenment, encouragement and enthusiasm for purposeful living, through studying and trying to apply the new understandings I have gained through the Edgar Cayce material. What a privilege it is to be able to share this treasure with anyone who is ready and willing to receive it!

Through our collection of books, newsletters, services, and membership outreach and with our association with the A.R.E., Edgar Cayce Australia is looking to provide individuals from all walks of life, levels of education, and religious backgrounds with tools for personal empowerment and healing at all levels – body, mind, and spirit.
