### ***The Cayce Readings cover a wide field of information!***

***Did you know that Judas Iscariot, the man who betrayed Jesus with a kiss, was back in the earth plane during the twentieth Century, according to the Edgar Cayce Readings? The readings confirmed that Judas had not intended to harm Jesus because he had seen his Master evade individuals who sought to do harm, many times previously.***

***A Jewish man very much involved in the Cayce Work was told that he had been Jude, a brother to Jesus. The man asked if his assumption was correct that a wealthy Gentile business associate he knew had been Judas Iscariot. Although the businessman in question never received a personal reading, Cayce stated that this associate had, in fact, been Judas. Both the Cayce Readings and the Jewish gentleman stated that "Judas" is a fine man in the present.***

## HEALTH AND HEALING

- The Value of Almonds** 1."...if an almond is taken each day and kept up, you'll never have accumulations of tumours or such conditions through the body. An almond a day is much more in accord with keeping the doctor away, especially certain types of doctors, than apples. For the apple was the fall, not almond - for the almond blossomed when everything else died. Remember this is life!" (Reading 3180-3)

2."...those who would eat two or three almonds each day need never fear cancer. Those who would take a peanut oil rub each week need never fear arthritis." (Reading 1158-31)

3. One grateful almond fan wrote “I inadvertently discovered that my eating three almonds a day cleared up a chronic case of haemorrhoids. I recommended the almonds to others with a similar condition and they met with equal success.”

4. An A.R.E. member wrote that her mother was operated on for a malignant mass in the intestines. The surgeon removed a segment of bowel to which was attached a polyp; he said he would have liked to remove a further segment on which 2 or 3 more polyps were located but he feared the patient would not have stood that much nerve shock. He planned to have x-rays of the polyps taken every three months. The A.R.E. member urged her mother to eat several almonds a day as soon as she came out of hospital. In three months the x-ray picture showed the polyps were “somewhat smaller”. In another 3 months the x-ray showed no sign of the polyps at all. Three and a half years later annual x-rays showed that there was still no sign of any polyps.

## SPIRITUAL GROWTH SEARCH FOR GOD

One of the most astonishing (to me) concepts I came in touch with in my early acquaintance with the Edgar Cayce Legacy was the statement “**thoughts are things**”. I'd never, at that time, been aware of this. The process of my soul's evolution has been much involved with this truth – this reality, ever since. As time moves on in this three dimensional state of my being's consciousness, many wonderful gifts have arrived at my door.

- Firstly, there was the Search for God Study Group and its material, based on the understanding of Who We Really Are, How We Got Here, Why We Are Here, and what we need to do now that we are here. The Universe responded to my search for deeper understanding and better application of finding joy and fulfilment in life:-
- Discussions of ideas and listening to others experiences and understandings opened my mind to viewing concepts from other perspectives than my own.
- Commitments to testing out, by applying the groups selected experiment between meetings, and the requirement to share what we each found through this, was also an awakening to my own strengths and weaknesses.
- Our group library, and sharing books people had found enlightening, proved quite enriching; unlike sharing material goods, sharing thoughts and understandings spread them far and wide in many ways.
- Friendships with like-minded people I have found to be one of life's best gifts.
- Secondly, as time moves on, many ever-evolving souls are returning to physical lives here on earth, and as they come, learn and come closer to the Oneness of which we are all a part, they are sharing more and more clearly, the practical ways to implement the laws of the universe into our everyday relations with people, time, space and patience.
- I am particularly finding the work of Esther and Jerry Hicks and the Source they reach, “Abraham” very helpful in fine-tuning my own efforts at personal spiritual growth. They have produced excellent books and DVDs, and have influenced a great many others to put forward their

understandings of what "Abraham" has given, in their own books, CDs and DVDs.

## AFTERNOON TEA BREAK

### (2) Edgar Cayce's "Life After Death" (40 minutes)

*Presenter Rob Grant*

An inspiring viewpoint from the Cayce Readings, which parallel the near death experiences of many people in recent times. Rob compares the experiences of Dr. Ritchie, who returned after being pronounced dead twice during World War 2 with the Cayce descriptions of life after death. There is much reassurance about the continuity of life throughout the Cayce Readings. Rob is an excellent presenter. Come and be delightfully enlightened.

No Charge. Donations appreciated. Afternoon tea included.

## Questions and Answers from the Edgar Cayce Readings

### *Antiquity*

**Question:-** Are there any important archaeological relics in Egypt that have not yet been discovered?

**Answer:-** ...the Hall of Records, which has not yet been uncovered...lies between – or along that entrance from the Sphinx to the temple – or the Pyramid, in a pyramid, of course, of its own. (2329-3)

**Question:-** Did the Biblical incident of the Tower of Babel have any basis in fact?

**Answer: -** ...in the beginning of the peopling of the earth, near what was called Babel ....(the entity) was in the household of the founder of the building then first begun. This was before the town, afterward called Tower, was built on the same site. (551-3)

**Question:-** Who were the builders of the ruined monuments at Stonehenge, England?

**Answer:-** ...the entity was in the Holy Land when there were those breakings up in the period when the land was being sacked by the Chaldeans and Persians...among those groups who escaped in the ships and settled in the portions of the English land near what is now Salisbury, and there builded those altars that were to represent the dedications of individuals to a service of a living God. (3645-1)

**Question:-** What is the significance of the empty sarcophagus found in the King's Chamber of the Great Pyramid?

**Answer:-** That there will be no more death. Don't misunderstand or misinterpret! But the *interpretation* of death will be made plain. (5748-6)

### Personal Astrological Reflections on Jesus

#### Astrological Reflections on Jesus

One day, a light came into my head as a phrase: *mother's milk is water!* It is not always easy to reflect on the obvious; after all, we are very busy working through our plans for the day or for tomorrow. The thought did not make sense that a mother's milk would be water. Upon reflection I realised it had nothing to do with human mothers but with Mother Earth – her *milk* is water! However, it was much more than our lovely Mother Earth; it was an *insight* about a greater meaning – the *Living Waters* of Christ.

They say that love and hate are the two strongest emotions in our human experience, and depending on how deep these *waters* run we can create or destroy life. The Father created from His infinite love and gave us Christ whose heart was like a mother's, both earthly and divine. *Mother* is the most beautiful symbol for unconditional love and nurturance and it reminds me of the sign of Cancer whose energies are about caring. The zodiac sign for Cancer is a water sign (22 June – 22 July) and its water is about *emotions*. They say that the pelican mother bird will make herself bleed in order to feed her young when there is nothing else. In fact, some major religions have the pelican as a symbol for Christ who also gave his blood that we might live.

Can our emotions really be that strong? "The Japanese researcher Masaru Emoto, author of *The Hidden Messages in Water*, recently spoke at an ARE conference, revealing how his research with water crystals shows the positive and negative influence of human words and thoughts on water. He said that he believes the waters of the world are reacting to human energy patterns, causing many of the current disasters. Cayce would agree; his readings state that sunspots, which affect many of our communications systems, are caused more by human attitudes and emotions than cosmic forces." (Taken from ARE Earth Changes Update)

If the heart is filled with love, one can really become creative in a positive way (although it can be a bit frightening to venture outward from our comfort zones). Two symbols represent Cancer's cosmic energies: the crab and the woman's breasts. The crab is very vulnerable because it has no bones and, therefore, is always in danger of being hurt. It protects itself with a hard shell. How many times have I made a *shell* in order to protect my little ego from being hurt! Jesus was so incredibly humble; he always spoke truth even though it meant resentment and ridicule from others; he made no shell with which to protect himself. The breasts are symbolic of sustenance and, although they too are vulnerable, nourishment comes from within them.

I think that Jesus Christ is the perfect example of the caring energy of Cancer. Therefore, I would like to conclude my reflection on his words spoken with infinite love and compassion: *Come to me, all you who are weary and are carrying heavy burdens and I will give you rest. Take my yoke upon you, and learn from me for I am gentle and humble in heart, and you will find rest for your souls. For my yoke is easy, and my burden is light* (Mt 11:28-30).

Until next month, Love be with you and surround you all the days of your life.
